

MASTER DEGREE IN PHYSICS
Academic Year 2023/2024 – Second Semester
First YEAR CLASS SCHEDULE

From February 26 th to June 7 th 2024						
Ora	Monday	Tuesday	Wednesday	Thursday	Friday	
9:00-11:00	Statistical Mechanics Prof. Lippiello & de Arcangelis Aula C3 Astrophysics Prof. Straniero Studio A8	Computational Methods for Physics Prof. Itaco Lab. Calc. Numerico	Physics Laboratory Prof. Marzaioli & Buompane	Statistical Mechanics Prof. Lippiello & de Arcangelis Aula C3 Astrophysics Prof. Straniero Aula D3	Condensed Matter Physics Prof. Moretti Aula C3 Stochastic Processes Prof. Sarracino Studio A8	
11:00-12:00	Computational Methods for Physics Prof. Itaco Aula C3				Ecological Climatology Prof. Rubino & Castaldi Aula C3 Stochastic Processes Prof. Sarracino Aula D3	Computational Methods for Physics Prof. Itaco Aula E3
12:00-13:00						
13:00-14:00		Statistical Mechanics Prof. Lippiello & de Arcangelis Aula C3				
14:00-15:00	Condensed Matter Physics Prof. Moretti Aula C3 Stochastic Processes Prof. Sarracino Aula D3	Network Science Prof. Baccari Aula C3 Models and tools for weather prediction and climate Prof. Lippiello & Rubino Aula D3		Condensed Matter Physics Prof. Moretti Aula C3 Network Science Prof. Baccari Aula D3 Models and tools for weather prediction and climate Prof. Lippiello & Rubino Aula E3	Ecological Climatology Prof. Rubino & Castaldi Aula C3 Astrophysics Prof. Straniero Aula E3	
15:00-16:00						
16:00-17:00			Models and tools for weather prediction and climate Prof. Lippiello & Rubino Aula D3			
17:00-18:00						

Second YEAR CLASS SCHEDULE: Thesis activity to be organized with tutors
